

Littleton Road/Kismet Parkway Realignment Project

From NE 24th Avenue to Corbett Road

January 2020

About the Construction

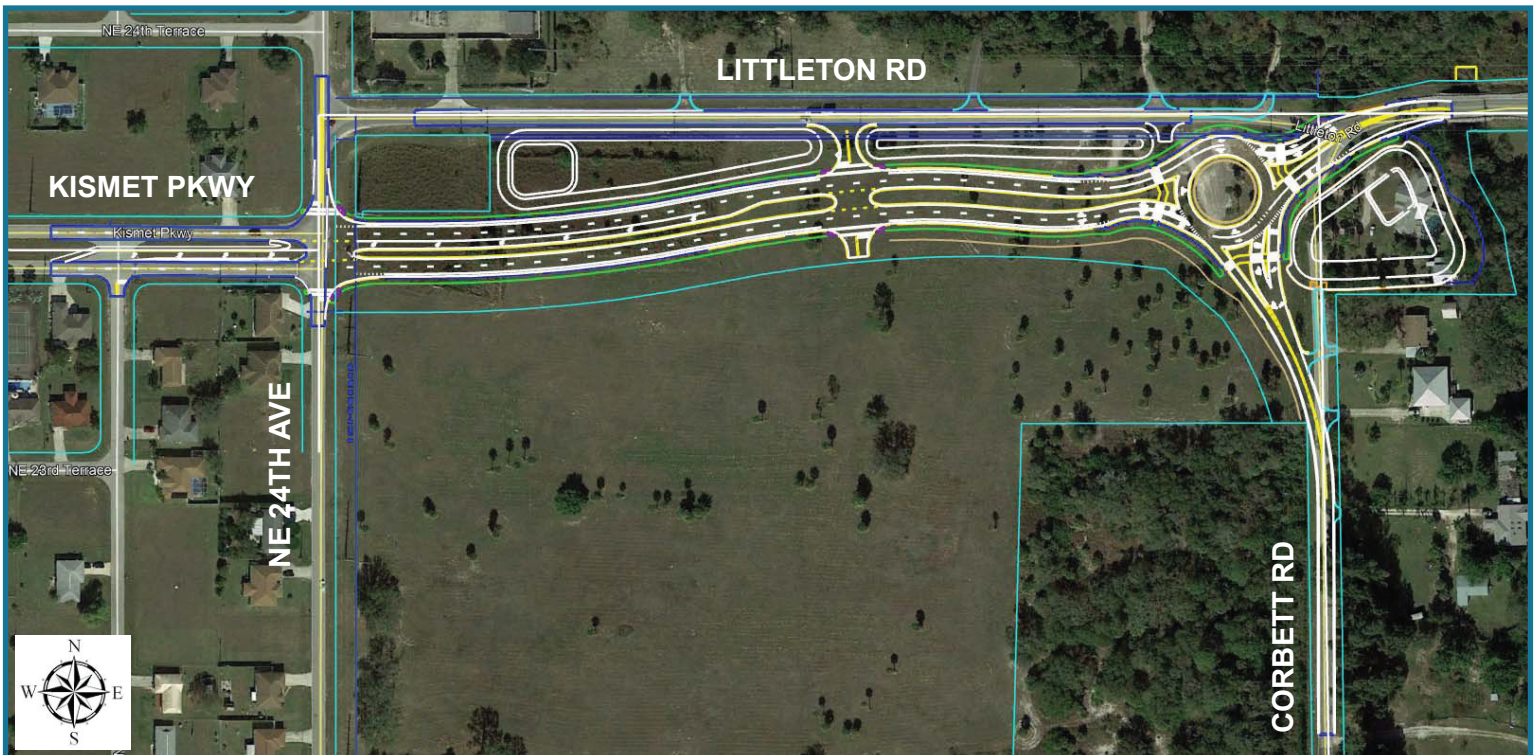

Lee County, in partnership with the City of Cape Coral, begins construction this month to realign the Littleton Road-Kismet Parkway intersection at NE 24th Avenue, and build a two-lane roundabout at the Corbett Road intersection. Additionally, the project includes construction of:

- A new four-lane roadway from NE 24th Avenue to Corbett Road
- Intersection and roundabout lighting
- Four-foot, on-road bike lanes
- Six-foot, concrete sidewalk on the north side of the new road
- Eight-foot concrete sidewalk on the south side of the new road

The contractor, Thompkins Contracting, Inc., anticipates working during daytime hours, Monday through Friday, with some weekend work possible. Crews will begin the project by clearing the area in preparation for building the improvements. Cost of the project is approximately \$2 million. Estimated completion is end of 2020.

What's Next

Design is currently underway for Littleton Road from Corbett Road to US 41. This project will widen Littleton Road to three lanes, adding a center turn lane. Construction of this segment is expected to begin in 2021.
